RBRO SOLUTIONS

A cloud migration solution that gets you to the iManage Cloud a whole lot easier... and faster!

- Shift in minutes rather than days
- Shift when you want (no scheduling delays)
- Ensure uninterrupted productivity on 'go-live'
- iManage Work 10 Optimized

Your data where you want it, how you want it, when you want it. If you're moving individual iManage libraries to the cloud, *Transport Lift and Shift* allows you to measure downtime in minutes rather than days.

Simplify the process by eliminating multiple SFTP uploads and disk shipments, and migrate when you want, with no scheduling delays.

*Transport Lift and Shift* ensures no loss of service, and uninterrupted productivity as you complete your cloud migration. Simplified management and automation of many of the migration tasks minimize 'hands-on' intervention, reducing costs and speeding your cloud transition.
